

We would like to express our complete joy and happiness with Mary - Ann's School of Dance . Our daughter Krissy has been a student at Mary-Ann's since she was four years old. She is now 18 years old. The guidance Mary-Ann and Lil' Miss Mary-Ann have shown our daughter is immeasurable. They have not only taught her how to dance but at the same

time have taught her to believe in herself at all times, which as a result has given her the courage to try things she would have never thought possible, she now dances solo's on stage and has been a member of their Dance Company "In Motion" for several years. They have become her second family and we could not be happier. Our love for them goes beyond being "just" dance teachers, they have become a part of helping us to create the daughter we are so proud of. Thank you Mary-Ann and Lil' Miss Mary Ann you're the best!
