

Pam Midkiff, New Port Richey

My daughter Marisa has been at Mary-Ann's School of Dance since 2000. She was 3 years old when she started at the studio. Not only has she learned Tap, Jazz, Acrobatics, Musical Theatre, Modern, Ballet and Pointe, she has also learned great values. The

studio is very family oriented, and the instructors are very supportive and patient with the students and parents as well. My daughter and I have made many close friends through the years at the studio. The recitals and shows that the studio puts on are always great!!! The students and instructors work very hard for these performances and it shows. There is a great group of people at this studio and I have never seen such a bond between kids before. Thanks to Miss Mary Ann, Lil' Miss Mary Ann and Miss Regina for all their countless hours of dedication to the students.
